BUELLTON GENERAL PLAN
Land Use & Circulation 2021

BUELLTON GENERAL PLAN UPDATE

We are updating our Land Use and Circulation Elements!

A General Plan is a city's blueprint for the community's vision of future growth. Buellton's General Plan covers things like where businesses and housing can go and what kinds, how we improve our transportation networks, where to put parks and public facilities, and how we conserve our natural resources.

➢ Community members are vital to this update!

➢ You can help to establish relevant goals, policies and programs that will guide decisions on the city's development for years to come.

Buellton's current General Plan spans from 2007 to 2025. This upcoming focused update to our Land Use and Circulation Elements will kick off a more comprehensive update of our General Plan over the next five years for the 2025-2045 General Plan.

Get involved (online) → E-mail planning@cityofbuellton.com to be added to the e-mail list – you'll receive periodic information on ways to participate

Stay in the know → Visit cityofbuellton.com/departments/planning.php

Questions? → Call the Planning Department at 805-688-7474

JOIN US ONLINE FOR A PUBLIC WORKSHOP

When: Wednesday, August 26th at 6:00 PM

How to attend: Email planning@cityofbuellton.com by August 25 to receive an invitation to the Zoom webinar.

In your email, answer these 3 questions (sneak peek of what we'll be discussing):

1. What issues most affect you in regards to transportation and circulation in Buellton?

2. What types of land uses (housing, retail businesses, offices, manufacturing, open space and parks, recreational facilities, community spaces, education, agriculture) do we need more of in Buellton?

3. The City recently purchased the property at 202 Dairyland Road. There are no plans for it yet. If the City decides to do something with the property, what would you like to see there?
